Portfolio of Projects

- Summit Greens, Clermont
- Frenchman's Reserve,
Palm Beach Gardens
- Mizner Golf and Country Club,
Boca Raton
- Vita Park, Bodrum, Turkey
- Polo Trace, Wellington

As a county that promotes itself for having more golf courses per capita than any other county in the United States, Palm Beach County is a premier golf course community. With the PGA headquartered here, the game of golf is one of the most important features in any new community development. Land Design South has had the opportunity of designing premiere golf course developments from conceptual design to completion. Our designers strive to take advantage of existing site features that include native plant material and wetlands and uplands to make truly outstanding golf course communities. We have had the outstanding opportunity to work with golf's legendary pros including Arnold Palmer, Jack Nicklaus and Tom Fazio.

Mizner Golf and Country Club

Our services have included the master planning and site planning of the routing of the golf course, the landscape design, hardscape design, environmental permitting, upland enhancement and mitigation, as well as littoral planting and monitoring. Land Design South completed the master and site plans, as well as zoning approvals, for such well respected residential builders as Toll Brothers, Levitt Homes, Lennar Homes, Engle Homes, Town & Country Homes, MI Homes and Centex Homes.
