

Land Design South

Senior Project Manager / Landscape Architect

Location: US - Florida - West Palm Beach & Port St. Lucie

Experience: 6-8 years

Educational Requirements: Registered Landscape Architect in the State of Florida, Master's or Bachelor's Degree in Landscape Architecture.

Job Description - LAND DESIGN SOUTH is a large, established Landscape Architecture Firm with offices in West Palm Beach and Port St. Lucie, Florida. Our firm is the largest Landscape Architecture Firm in Palm Beach County with over 55 employees. Our client base includes many South Florida builders and developers and we are highly experienced in preparing site plans, master plans, landscape plans, and hardscape and signage features. Our award winning projects include master planned communities, multi-family residential projects, commercial developments, entry feature / landscape design and wetland and upland mitigation.

Skills Required - We are seeking to hire Senior Project Managers/Landscape Architect's who are experienced in land planning/site planning and/ or landscape/hardscape design with proficiency in AutoCAD.

We offer excellent opportunities for growth, competitive salaries and an excellent benefit package, which includes medical, dental, life insurance and 401K.

Please send resume and salary requirements to rdistefano@landdesignsouth.com or fax to 561-478-5012 attention: **Rob Distefano**.
